LOOKS AMAZING, RAIN OR SHINE

Spend more quality time enjoying your deck without the fuss of caring for wood. Wolf Serenity™ Decking with High-Density Cellular™ Technology is a low-maintenance decking that provides the color variation and texture of real wood. Its moisture repellency makes it ideal for rainy and coastal regions. Plus it maintains its color, even in the sun, so you can expect long-lasting beauty.

LET IT RAIN

When it rains and pours, Wolf Serenity Decking repels. This durable decking minimizes water absorption, making it a smart choice for regions with heavy rain and humidity as well as areas in contact with water, such as docks and pool surrounds.

LET IT SHINE

COLORWATCH100® TECHNOLOGY

Wolf Serenity Decking features a proprietary **COLORWATCH100** premium ASA capstock, which helps block harmful UV rays to promote color retention — even in the dog days of summer.

A BEAUTIFUL OUTDOOR LIVING SPACE THAT PRESERVES THE OUTDOORS.

Perspective™ Decking sustainably blends the best characteristics of recycled wood with the long-lasting resilience of recycled plastic. Its composite material is certified by SCS Global Services as containing 94% recycled content. Router clippings and sawdust and recycled grocery bags and packaging material are used to make every plank. A reusable water reservoir provides a near-endless source of water for manufacturing. Pine trees are saved, lakes and rivers are preserved. With Perspective Decking, you help to save the environment—and enjoy a beautiful outdoor living space that will last for years.

FIBER SEQUENCING™ TECHNOLOGY

Wolf Perspective Decking with Fiber Sequencing Technology provides a high-performance deck board with industry-leading strength. Our Fiber Sequencing Technology aligns wood fibers and polymers in a parallel orientation for superior strength. Proprietary additives double the encapsulation of the wood within the polymer for a high-performance deck board that you can depend on well into the future.
